\* Health insurance is required for all students. If Ph.D. students payment to cover the cost of the health insurance will be made directly to the Bursar's office on the student's behalf. This funding is not provided to cover the premiums for any other health insurance plan.

\*\*Ph.D. stipend support for 1st year students is usually one semester of full non-service fellowship and one semester of Teaching Assistantship with a partial fellowship. There is also the possibility of summer funding through fellowships, internships and research assistantships.
